

✓ COVID-19
TESTING
INCLUDED WITH YOUR STAY

With the CDC requiring a negative COVID-19 test result for all air passengers entering the United States and Canada, Palace Resorts and Le Blanc Spa Resorts have now added COVID-19 testing as part of your stay. This is in addition to the hundreds of preventive measures already in place in our comprehensive health and safety programs, Purely Palace and Purely Le Blanc.

- All our resorts in Mexico and Jamaica will offer easy, on-site pre-departure COVID-19 antigen (rapid) testing.
- These tests are at no cost to you and are part of your resort stay.*
- Tests will be conducted on property (for up to two guests per room) traveling to the United States and Canada.
- Additional rapid tests will be available at a minimal cost of \$19 per guest.
- Testing will be administered by our experienced in-house lab teams.
- Receive results within 30 minutes, and documentation will be prepared for you to present at the airport before your journey home.

In the rare case of a positive result, Palace Resorts and Le Blanc Spa Resorts will accommodate you during the period of quarantine for up to 5 nights. This is also at no additional cost and for up to two guests per room should both guests test positive.* If after 5 nights, guest remains positive, a rate of \$199 USD per night will apply.

Our goal is to make your stay as comfortable and memorable as it is safe—and to deliver even more peace of mind while you vacation with us in paradise.
